

Together, we can Change Kids' Health; Together, we can Change The Future.

When we positively change the health of even one child, we create a ripple effect felt by our communities for years to come. When we ensure our children can lead healthy, fulfilling lives, we foster the scientists, inventors, artists, and leaders of tomorrow.

Children's hospitals are on the frontlines when it comes to protecting the health of future generations. But they can't do it alone.

Children's Miracle Network Hospitals raises unrestricted funds for 170 children's hospitals across the U.S. and Canada to help fulfill their most urgent needs. We at Marriott make this possible by our donations through programs and event where the donations stay local, at your CMN Hospital.

Marriott is the longest standing corporate partner with CMN Hospitals: 38 years and \$138 Million in support has been given.

But we have our sights set even higher. Because we know that when we improve treatments and facilities, we can address the most challenging health issues of today.

EVAN
Age 11

MEET EVAN

When Evan was born, he was rushed to his local children's hospital for a life-saving surgery closing a hole in his back. For the first few years of his life, Evan would have multiple surgeries including a surgery to provide Evan with a trach and a feeding tube after he had trouble swallowing. Thanks to donations, Evan is an active boy who walks, swims, loves to fish, canoe and he plays baseball for the Miracle League, an inclusive sports league in Arkansas.
